Sweet and Salty

We always knew we liked the salty-sweet combination of peanut butter and chocolate, but we never realized how good it could be until we tasted Pretzo Change-O, a natural peanut butter truffle studded with bits of pretzels and covered in dark or milk chocolate from Jer's Handmade™. Even sweeter is the fact that these little gems are made by a bunch of young entrepreneurs based in Solana Beach.

Jer's Handmade is sold at Harvest Ranch and selected Nordstroms, on the Web at www.iwantchocolate.com or by calling (800) 540-7265.
